Beautifully Appointed Dance.

The state society was the scene of a beautifully appointed dance given last evening under the auspices of the Council of Jewish Women. The dance was one of the leading social events of the season and was attended by more than two hundred guests. The large auditorium was handsomely decorated for the occasion, with the Yuletide colors playing a prominent part in the decorative scheme. Streamers of red and green were draped artistically festooned from all parts of the room, while all the lights were capped with red shades, casting a soft glow upon the dancers. Potted ferns, various kinds of cut flowers, and attractive floor lamps were arranged in every available space. The elaborate costumes of the women added brilliancy to the scene. A midwinter dance given during the intermission by Miss Cecile Mink and her solo by Ralph Henry were delightful features of the dance. Dancing was indulged in until a late hour and a very enjoyable time was had. Kite's orchestra played. A buffet luncheon was served. Mrs. L. H. Kiper was general chairman and to her is due great credit for the success of the dance. Her aides were Mrs. William Goldstone, Mrs. Samuel Oppenheim, Mrs. A. Silverman, Mrs. Harry Rosh, Mrs. Max Ruckoff and Mrs. William Horberg. The piano was loaned for the occasion by W. P. Frederick Music company. Out of town guests were from Latrobe, Pittsburgh, Scottsdale, Greensburg and Mount Pleasant.

When Baby Complains.

THERE ARE MANY WAYS a baby has of expressing any pain or irregularity of digestion from its normal condition of health and happiness. A short sharp cry, a prolonged irritated cry, restlessness, a constant turning of the head or of the whole body, fretfulness and other ways a baby tells you there is something wrong. Most mothers know that a disordered stomach, or bowels that do not act naturally are the cause of most of baby's sufferings. A call for the doctor is the first thought, but in the event of any delay there should be ready at hand a safe remedy such as Fletcher's Castoria.

Castoria has been used for baby's ailments for over 30 years and has merited the good will of the family physician in a measure not equalled by any other baby's medicine because of its harmlessness and the good results achieved.

And remember this: Castoria is essentially a baby's remedy and not a cure-all for every member of the family. What might help you is too often dangerous when given to a baby.

Castoria always bears the signature of *Dr. J. C. Holt*

Jewish Women to Meet.

A meeting of the Council of Jewish Women will be held tonight at 8 o'clock in the Elks' Hall.

Surprise Wedding Reception.

At the home of Mr. and Mrs. George Adams, parents of the bride, a surprise wedding reception was given Monday night at the home of Mr. and Mrs. Eliza Adams who were recently married in Uniontown. So quietly had the affair been planned that neither of the newlyweds even suspected it. To add to their imagined security the exceedingly inclement weather forbade no visitors. When 8 o'clock arrived the company to the number of 40 or more gathered in a body at the door. And the presents—they were still a greater surprise in excellence, variety and quality. They filled most of one room, and comprised the real needs of a new home—china, cut glass, tableware, aluminum, silver, table linen, cooking utensils—in fact everything. The visitors then took possession of the house and the older people introduced games they used to play and these were interspersed with modern amusements until a late hour when a fine lunch was served.

Summer Teachers' Institute May Cut Holiday Vacation

Special to The Courier.

DUNBAR, Dec. 1.—The township schools are to have two weeks of vacation beginning with December 19 and lasting till January 2. It is not expected the schools in the jurisdiction of the county superintendent will have more than from December 23 until January 3. While it has formerly been the custom to have two weeks' vacation at the holiday season, one of those weeks was taken up by the annual county institute. The institute having been held this year the last week in August, immediately preceding the opening of the regular school term, the exigencies of the case require but one week vacation this year.

This will also be in the interest of the spring closing of the schools in districts where nine months are had, allowing the school to be dismissed a week earlier than they could be if two weeks were given. In districts where the term is seven and one-half or eight months long, two weeks may be had. Next year the institute will be held in October so there will be one week vacation in October and one at Christmas.

INGROWN TOE NAIL TURNS OUT ITSELF

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so loosens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic, manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—Adv.

Accuracy and Longevity

The characteristics of a good watch are accuracy and longevity—qualities not always apparent upon casual examination.

And yet, comparison is perhaps the surest way to determine relative values.

We ask that you compare our watches with those offered elsewhere—

As to Design As to Quality
As to Workmanship As to Price

Some of our watches are housed in finest platinum, while others are adorned with precious stones. These run into large sums, but like the plainer, less costly gold models, are relatively low in price.

THURSDAY EVENG, DEC. 1, 1921.

THE CONFERENCE AND
PROPAGANDA.

It is not at all surprising that the
Limitation of Armaments Conference
is being seized upon by unfriendly and
unsympathetic interests as an opportunity
for the spread of propaganda
designed for some purpose hostile to
the best interests of the participating
nations, and particularly to the United
States.

Thus far the most apparent efforts
of the traitors of peace have been
directed toward stirring up trouble
between this country and Great
Britain, Great Britain and Japan, or
Japan and the United States. Some of
the yellow journals of New York,
Chicago and San Francisco, which
were undoubtedly pro-German during
the war, are doing their utmost to
make the conference a failure and to
encourage armed conflict between the
United States and Japan.

Certain political organs which are
so blinded by animus toward the
present administration that they can-
not see the great truths at stake in
the conference, are less bold in their
exploitation of propaganda but the
purpose of their sneering criticism
and voluble denunciations is the same
as that of the more blatant Hearst news-
papers. They are as much out of
sympathy with the objects of the
conference to make war impossible as
they were in sympathy with Germany
in making the last war the most hor-
rible in history.

Another group of propagandists, rat-
ing themselves as economic experts,
are busily engaged in spreading
abroad fearful plans to have Ger-
many's reparations burden lightened
as an essential in preventing the
bankruptcy of the nation and the first
step toward a world-wide business re-
vival.

These and other forms of propa-
ganda are appearing in the mass of
news matter being sent out from
Washington, and evidently at the di-
rection and under the supervision of
thoroughly organized and liberally
financed forces. The fact that it has
been revealed in its true character
will be an agency for its defeat. So
long as it is recognized as the work
of traitors, and is held in abomina-
tion by all loyal citizens, it will fail
of its purpose as ignominiously as sim-
ilar activities failed to prevent the
United States doing its duty to civiliza-
tion during the World War.

The propagandists can do little
harm if the great majorities in Amer-
ica and other nations hold steadfastly
to their desire for permanent peace,
and their demand that Germany be
held to strict accountability for her
unprovoked assault on civilization and
required to discharge all the obliga-
tions assumed by her assent to the
terms, conditions and stipulations of
the Treaty of Versailles.

THE PRICE OF MILK.

The explanation given of the reason
why milk costs more in Con-
neltsville than in Pittsburgh, are in-
forming to consumers—but in some re-
spects may not be wholly satisfying.
"Appreciations" as they do, the ad-
vantages derived from having a high
grade milk supply, consumers as a
whole cannot completely divest them-
selves of the opinion that the price,
like the price of other food products
of good quality, should follow the
general trend and drop to a lower
level.

Milk constitutes a very important
article of daily life. In fact, it is
one of the staple foods. Its con-
sumption has increased hence the cost
forms a material item in household
expenses, particularly in large fam-
ilies. Other necessities having been
much reduced in price, there has been
the very natural expectation that milk
would follow the same course.

It is realized that the cost of pro-
ducing milk in the winter is greater
than in the summer season when it
is unnecessary to supply cows so
liberally with dry feed as it is after
the pasturing season is over. But with
feed costs having been reduced 50 per
cent or more from the war time range,
the drop of two or three cents per
quart, or 11 to 17 per cent from the
war time price of milk, appears to
consumers as being somewhat out of
proportion to the saving down that
has taken place in other commodities.
The standardization of the bulk of
the city's supply, and the health
insurance which results from scien-
tific sterilization, are worth consid-
erable to consumers—more, perhaps,
than they are willing to concede—but
as factors entering into the cost they
must be given due consideration.

The purchasing of Brimstone
Corporation has completed the Bell
Telephone company's pole has become
a real, not a "theoretical," sign of
public utility's breach of faith and de-

lance of public opinion in Connelts-
ville.

The functions of the Brimstone
Corporation Civil Service Commission
have been usurped by the "Hand Pick-
ed" organ, the headquarters have
been removed to the more stimulating
and inspiring atmosphere of the
habitat of the "Mising 48" in the dark
and "mysterious" recesses of South
Arch street.

some deserving boy and a liberal sup-
ply of Red Cross Stalls. Acquiring
these will put you in the right frame
of mind to make appropriate selec-
tion of remembrances for your friends.

Buying Health

By Philip P. Jacobs, Ph. D.,
Of National Tuberculosis Association.

Every human life is worth some-
thing, both to the individual and to
the community. How much it is worth
has been a matter of a great deal of
statistical comment and discussion,
and values have been fixed ranging all
the way from \$1,000 to \$5,000 or even
\$10,000.

Any average American community
can buy freedom from tuberculosis
just because human life is valuable
and because it pays to save it. The
National Tuberculosis Association
estimates on the basis of extensive
investigations that there are 1,000,000
active cases of tuberculosis in the
United States at the present time. At
least 132,000 of this 1,000,000 will have
died during the current year.

To state the problem in another
way, according to a careful analysis
of defects found in drafted men pre-
pared by the office of the surgeon-
general of the United States Army,
\$2,000 men in round numbers were
found to have tuberculosis in an active
or suspicious form, and of this num-
ber all but 1,100 were absolutely and
unqualifiedly rejected from service.
Out of every 1,000 men examined 30
were found to have frank or suspected
tuberculosis. Three per cent of the
prime of American manhood between
the ages of 18 and 30. It is hardly be-
lievable.

Translate these figures to a local
community of 100,000 population and
it means that about 300 men in such a
city have tuberculosis. The tragedy
of this statement lies not only in the
figures themselves but in the fact that
probably 90 per cent of the 300 do not
know that they have this deadly
disease.

To eliminate tuberculosis from the
United States is a Herculean task. It
demands the finest kind of leadership
and organization, but it can be done
if the American people are willing to
pay the price. How much will it cost?

In Framingham, Mass., where the
National Tuberculosis Association has
carried on for several years extensive
investigations of the tuberculosis
problem, it has been estimated that
\$2.00 per capita will go a long way
toward eliminating this disease if the
work is extended over a sufficient
period of time. Taking the population
of the United States as a whole and
extending the payment over 10 years,
this would mean an investment of ap-
proximately \$2,000,000,000. In other
words, by paying that amount of
money, much less than the cost of the
war, we could save 132,000 lives a
year and a steady drain of 1,000,000
active cases of tuberculosis. The
actual saving in dollars and cents, ac-
cording to estimates made by the Na-
tional Tuberculosis Association, ex-
clusive of the \$2,000,000,000 invest-
ment would net \$23,000,000,000. In
addition to this we would add on an
average of two and one-half years of
life to every American citizen.

Does it pay to buy health? Any
community can buy just as much
health as it is willing to pay for. The
timely way to purchase health at
Christmas is through buying or selling
tuberculosis health seals, the funds
of which are used in the campaign
against the Great White Plague.

Railroads May Have
To Borrow Before
Government Pays

The failure of Congress to pass the
railroad funding bill, the adminis-
tration decision of the administra-
tion not to press the matter further
is expected to result in large-scale
borrowing by the railroads during the
coming year, according to railroad of-
ficials. Bonds to a large amount will
be floated by the roads in 1922, it is
said, all hope having been given up by
legislators of ever getting favorable
legislation from Congress. The money
must come from some source or other,
it is said, as the railroads will find
funds necessary for needed extensions
and betterments.

In view of the lower rates now in
effect for money railroad executives
are reported to believe that most of
the roads will experience no difficulty
in obtaining necessary funds direct
from the investing public on favorable
terms, although it is conceded that
some of the weaker lines will still be
obliged to look to the government for
assistance.

James C. Davis, director general of
railroads, anticipates that practically
all the claims of railroads against the
government can be settled by the end
of next year. Thus far claims aggre-
gating more than \$43,000,000 have
been settled upon a basis of nearly 31
per cent, something more than \$127-
000,000 having been paid to the
claimants. The aggregate of all claims
is expected to be approximately
\$1,100,000,000 so that a total of about
\$335,000,000 on the same basis would
be required to effect settlements.
The claims settled represent about
something more than 40 per cent of
the total mileage of lines that were
under government control. The claims
thus far filed amount to more than
\$352,000,000.

Just Folks

By Edgar A. Guest.

THE DRIVER OF THE TRUCK.

I envy him his care-free way, I envy
him his smile,
The highway is his own domain, he
rules it every mile.
The king who drives about by day,
And buglers play and soldiers brave,
A path for him to spread,
But he may go his way alone, nor fear
that he'll be struck,
For monarch of the highway is the
driver of the truck.

When I go driving down the road I
must obey the rules of the road,
I must watch out for all who come, the
same man and the fool,
And I must guard that car of mine
with vigilance and care,
For even trifling accidents might
stray me then and there.
But let who will bump into him, he's
never out of luck,
No pleasure car can ever stop the driver
of the truck.

He sits his seat in confidence, serene
and quite content,
His heavy wheels a never dished, his
axles never bent,
A locomotive engineer might jolt him
from his place,
But nothing short of that would bring
a tremor to his face.
He laughs his cheerful way along, too
big for men to touch,
And even millions might must dodge the
driver of the truck.

Oh, kings and kiths are overthrown, who
live in ease live in care,
And princes of the royal blood whose
heads have had to bow
Before the people's mightier will, if
you'd care more begin
The appearance of a paper date before
they closed your reign.
You will not rule the Jewly Sea and
force the throng to duck—
Just hustle out and get a job as driver
of a truck.

Army Secured for High School Student Athletics During Winter.

BOYS AND GIRLS BUSY

Improvement Reported in Condition of Dr. John L. Burkholder, Who Is Suffering from Pneumonia; Friends Elect Officers on December 20.

Special to The Courier.

MOUNT PLEASANT, Dec. 1.—The athletic association of the high school has leased the army three nights a week for practice games for the high school boys' and girls' basketball teams. The various classes have organized teams and will play inter class games this year. A league course has been booked for the benefit of the association. The first number, by the Annual Sextet, will be given at the Grand opera house Friday evening. Dr. Burkholder Improves.

The condition of Dr. John L. Burkholder, who is very ill at his home with pneumonia, was somewhat improved yesterday. Friends of the doctor.

On December 20 the annual election of officers for the Mount Pleasant Fire department will be held at the firemen's rooms in the borough building. Quarantined to Be Lifted.

The quarantine placed on the home of Rev. J. E. Springer on account of diphtheria in the family will be lifted on Friday and there will be services Sunday by Rev. Springer. Drug Store Remodeled.

The Mount Pleasant drug company, which recently purchased the store of the McIntire drug company, has torn out all the old fixtures and remodeled the entire store. Personal News.

JAPANESE RAILWAYS

Place Orders in United States For Electrical Apparatus.

An indication of the improvement in business conditions in Japan since the 1920 critical financial stress of that country is received from the recent placing of an order with the Westinghouse Electric & Manufacturing company for substation material amounting to \$76,000.

Other large orders for railway material recently have been placed in this country by the Sato Electric Railway company, the Bial Electric Railway company, the Nagasaki Electric Railway company, the Tokio municipality and by other large Japanese railway operating companies and municipalities.

Had Kidney Trouble Ten Years. Don't give up hope if you are suffering from backache, rheumatic pains, stiff, swollen joints, always tired feeling, pains in groin and muscles or other symptoms of kidney trouble. J. T. Osborn, R. F. D. No. 1, Lucasville, O., writes: "I had kidney trouble for ten years. I tried all kinds of kidney remedies but they did me no good. I took one bottle of Foley Kidney Pills and they helped me so much I am well now."—Advertisement.

SOUND SLEEP AGAIN FOR THIS FARMER

H. B. Solvay, West Farmington, O.,
Relieved of Sleeplessness and
Nerves by Nerv-Worth.

"Before I commenced taking Nerv-Worth," said Mr. Solvay, "I was so nervous that I could not get a good night's sleep. I have been taking Nerv-Worth only a short time and now I can sleep well and can stand work. I have only taken two bottles, and I can certainly recommend it."

Consolidation Buys Acreage. The Monongahela Power & Light company has sold 3,000 acres of Pittsburgh seam coal and 1,000 acres of Sewickley coal land to the Consolidation Coal company. The consideration was reported to be approximately \$2,600,000. Included in the sale are the Stafford mine at Baxter, one of the most modern in northern West Virginia, with a daily capacity of 1,000 tons, and the Rivesville mine.

If you cannot sleep or get your proper rest, and suffer continuously from nervousness, it will only be a matter of time until your whole system will be completely run down. Nerv-Worth will overcome these conditions by aiding your nerve force, giving sound, restful sleep, aiding your digestive system and toning you throughout. Buy your first trial bottle, use it according to directions, and if you are not satisfied that it is helping you, your money will be refunded.

Donnelly-Carter Engagement

Feature of Tonight's Bout;

Both Fighters Are Confident

Donnelly Arrives From Eastern Quarters Primed to Win.

CARTER IN UNUSUAL FORM

TONIGHT'S BOXING PROGRAM

First Bout, Six Rounds.
Buck Krouse vs. Johnny King.
Starts at 8:30.
Semi-Final, Eight Rounds.
Jackie Fromme vs. Mike Moran.
Star Bout, 10 Rounds.
Johnny Donnelly vs. Billy Carter.
Referee, Eddie Kennedy, Pittsburg.

Johnny Donnelly, the former Uniontown boxer arrived from Newark, N. J., yesterday and looks to be in prime condition for his 10-round bout with Billy Carter tonight at Slavish hall. Both battlers are to weigh in this afternoon at 138 pounds at 3 o'clock. Carter is at weight and as strong as ever. Donnelly who claims that he seldom weighs over 135 pounds, states he will readily scale in at the weight called for in the article of agreement.

This bout is one that the fans have been itching to see for over a year and will settle for all time the respective merits of the two rivals of this section of the state. The contest is bound to go down in local boxing history for several reasons. First, never was a bout booked here that has aroused so much interest and with

throughout the country pay for a star, but Duke Barry believes it will be a good investment, especially should his colored boy hang the crepe on Donnelly.

On a par with the main attraction and chasing that number hard for interest is the semi-final bout of eight rounds in which Jackie Fromme, flyweight champion of Western Pennsylvania, will be called upon to meet a boy who disputes his claim for that honor. Mike Moran, the hard fighting Mount Washington boy will be Fromme's opponent and when those two little men are ready to start their journey, one of the hottest and fastest bouts of the season is certain to result. These boys will box at catch weights, which will give Moran an advantage of at least 10 pounds.

The opening contest will feature the return here of Johnny King, of Fayette City, who made a great impression two weeks ago by defeating Jimmy Moore in his first appearance here. The pride of the Mon valley will again be accompanied by at least a hundred rooters, but "Buck" Krouse, the Broad Ford battler, says this will avail him nothing. The heavy hitting "Buck" is brimful of confidence that King will receive the same dose of boxing he gave to Moore.

Eddie Kennedy, former welterweight champion of the world, considered the peer of all referees of the Tri-State district, will be the third man in the ring, assuring the fans that every bout will be fought out on its merits.

The advance sale of tickets has been the heaviest the local club has ever had and points to a record house. The ticket sale will be continued at the West Penn Billiard parlor, with Tony Cuneo in charge until 8 o'clock. The ticket office at Slavish hall will open at 7 o'clock, when the general admission tickets will be placed on sale with reserved and ringside seats. The club officials will have entertainers to amuse those who will arrive early, with singing and musical acts.

Tornadoes Play Benefit Game Saturday Afternoon

The Conneltsville Tornado football team will play a benefit game Saturday afternoon. All proceeds over expenses will go into the treasury of the Woman's Culture club. The Tornadoes will meet the strong United team and this attraction in itself insures a big crowd.

A number of committees have been named by the woman's club to have charge of the tickets for the game. The money will be reserved for the building fund of the organization. Mrs. Earl Vance is chairman.

The ticket committee includes Mrs. M. Aaron, Mrs. M. E. Pryce, Mrs. Howard Myers, Mrs. E. R. Francis, Mrs. W. L. Wright, Mrs. W. R. Kenney, Miss Pearl Keck, Mrs. R. C. Lyon, Mrs. Charles Stouffer, Mrs. Harry Bengel, and Mrs. Robert Grim.

The box office committee includes Mrs. J. B. Davis, Mrs. W. L. Wright, Mrs. W. O. Schenck and Mrs. M. B. Pryce. On the gate committee are Mrs. W. R. Kenney, Mrs. E. R. Francis,

Mrs. E. R. Photo, Mrs. W. Rogers and Miss Pearl Keck. A half rate for school children will be charged. The Tornadoes are back in trim after last week's game, and will give United a real scrap. The visitors were reported as leading up for this game, but such rumors have been completely cooled by them.

With five eligibles for the captaincy of the Conneltsville high school football team next year it looks as though the vote might be somewhat split up. The election will take place soon.

The independent basketball season should be in full swing by the first week of December, according to the "dope." There are scores of teams being organized in Westmoreland and Fayette counties.

The Casey club looks up as a strong contender on the floor this season. Mrs. W. R. Kenney, Mrs. E. R. Francis,

POOR MAN'S DOCTOR

THOUSANDS GET WELL

Millions of people who despair of ever regaining their health are loud in their praise for the famous Bulgarian Blood Tonic, which assists nature to produce such a vitalizing effect upon the human system.

It is the poor man's doctor because it is simple to prepare and its cost is very small.

It relieves constipation, stomach, liver, kidney and bowel ailments. Taken steaming hot it helps break up a cold quickly and guards against influenza, pneumonia or other sickness. Bulgarian Blood Tonic is sold by druggists everywhere.

LAKE SHIPMENTS

Of Soft Coal Continues Decline as Season Approaches a Close.

The movement of soft coal up the lakes continues to decline as the close of the season approaches. During the week ended November 25, 273,569 tons were dumped at Lakes Erie ports, a decrease from the preceding week of 106,912 tons.

Cumulative dumpings during the present season now stand at 22,826,572 tons, and exceed the figures for 1915 and 1920 by about 175,000 tons. Compared with 1915, however, 1921 is six and a half million tons behind.

CURB CIGARET SELLER, DUNBAR CITIZEN URGES

Action to Prevent Minors Getting Them Suggested to School Board.

MORE RAILROAD ACTIVITY

Partial Right of Way for Extension of New Haven & Dunbar Company's Line to Pechin Coal Tract at Ferguson; Supervisors Change Dec. 1.

Special to The Courier.

DUNBAR, Dec. 1.—"It would be well if the school boards of Dunbar township and Dunbar borough would emulate the example of the Conneltsville board and enforce the cigarette law, bringing to justice merchants who are openly selling cigarettes to high school and other pupils," remarks a citizen. "By so doing they would not only protect the boys but teach the merchants a lesson on law observance. Some merchants seem to have the idea that laws are not made to observe, and that if a few cents can be made by violation, the end justifies the means. Let the law be enforced."

Partial Right Secured.
The right-of-way agent for the proposed extension of the N. H. & D. railroad from Pechin to the Pechin coal tract at Ferguson has been busy the past week and has effected agreements in several instances, but there yet remain several properties which have not been secured. If these can be obtained it is probable work on the extension will begin in the spring. The properties where no agreements have yet been made are those of Thomas E. Dolton, George B. Dolton and David L. Dolton and the estate of the late John B. Sonor.

Hardly Retires With Good Record.
Fred C. Smith, the newly elected township supervisor, will be inducted into office on the first Monday of December. Supervisor Charles Y. Hardy has everything in readiness to turn over to him after six years of faithful service to the public. Mr. Hardy retires with the respect and good will of the people, his honesty unimpeached, his integrity unquestioned. While he has not done all some people thought he should, he has accomplished all he thought possible with the funds at his command, and leaves the roads better by far than he found them. His successor is expected to keep up the good work and improve on the same, and he pumps into office with the good will of the people who have elected him.

DYED HER DRAPERIES AND A FADED SKIRT

"Diamond Dyes" add years of wear to worn, faded skirts, waists, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods.—Advertisement.

FINDS ANEMIA ANTITOXIN

California Doctor Is Elected Member of Association for Advancement of Science.

Pasadena, Cal.—Discovery of the germ of pernicious anemia by Dr. Philip Rantzen, former professor of bacteriology at the University of California, was announced here on receipt of word from Washington that the American Association for the Advancement of Science had honored him for the discovery by electing him to membership. Doctor Rantzen is credited with isolating the anemia germ and developing an antitoxin and serum.

Angry Duck Whips Cow.

Chariton, Mo.—It is being told on the streets of Keytesville how a wandering cow was recently badly licked by an angry duck. They have both ducks and cows at the county poor farm. Recently one of the cows went to the duck pond to get a drink, and while there was viciously attacked by the duck, which completely lost its ungoverned temper and proceeded to kick the stuff out of the intruder. In the final round of the hectic encounter, the cow turned tail, and fled ignominiously, with the bawling duck in hot pursuit.

BODY COVERED WITH RED RASH Itched So Could Not Sleep. Cuticura Healed.

"My trouble started with a breaking out of pimples that kept spreading until my body was covered with a red rash. Later the pimples oozed out and itched so that I could not sleep at night. I tried different kinds of ointments but they did not help me. I read an advertisement for Cuticura Soap and Ointment so tried them. They helped me so I bought more, and now I am completely healed."

Cuticura Soap, Ointment and Tablets are all you need for all toilet uses. Bathe with Soap, soothe with Ointment, dust with Tablets.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick relief of the most stubborn cough.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is simple and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, coughing in throat stops and you get a good night's restful sleep. The usual throat and chest aches are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made. It costs the money. It keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed absolutely satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

SCOLDING FOR JAP PRINCE

Future Mikado Tried to Travel Incognito in Paris and Was Bawled Out.

Tokyo.—Commander Yamamoto, naval attaché to Crown Prince Hirohito during his recent tour, says that one day the crown prince attempted to travel by the Paris subway incognito. Asked to show his ticket, the prince tried to get it checked, keeping the corner of the ticket in his hand. The wicket officer snarled: "Come on—show your ticket."

"When I saw the prince recently," said the commander, "he turned to me and remarked with a smile: 'For the first time in my life I was scolded. Do you remember?'"

Certain Relief From Bronchial Asthma

Simple Home Treatment Makes Breathing Easy.

Just because you start the day tired, listless, worn out from loss of rest and the difficult breathing of bronchial asthma—do not think you have to stay this way long.

Be strong and well, breathe clearly and easily again by using this simple treatment known as Oxidase, the prescription of a Worcester, Mass., physician. For any form of Asthma where the bronchial tubes are irritated, the solution in the mouth almost immediately soothes the irritation, clears out the choked up air passages and enables the sufferer to breathe easily and get a restful comfortable night's sleep. It is sold by A. A. Clarke and leading druggists who agree to refund the full purchase price of the first package to any sufferer who does not obtain satisfactory relief. Asthmatic sufferers should give Oxidase a trial. It is harmless and inexpensive.—Advertisement.

Says Piles All Gone and No More Eczema

"I had eczema for many years on my head and could not get anything to stop the agony. I saw your ad and got one box of Peterson's Ointment and now you may thank for the good it has done me. There isn't a blotch on my head now and I couldn't help but thank Peterson for the cure he gave me." Miss Mary Hill, 420 Third Avenue, Pittsburgh, Pa.

"I have had itching piles for 15 years and Peterson's is the only ointment that relieves me. Besides, the piles seem to have gone. A. H. Rieger, 127 Washington Avenue, Racine, Wis.

Use Peterson's Ointment for old sores, salt rheum, chink and all skin diseases. 50 cents. Druggists recommend it. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.—Advertisement.

ANGRY DUCK WHIPS COW.

Chariton, Mo.—It is being told on the streets of Keytesville how a wandering cow was recently badly licked by an angry duck. They have both ducks and cows at the county poor farm. Recently one of the cows went to the duck pond to get a drink, and while there was viciously attacked by the duck, which completely lost its ungoverned temper and proceeded to kick the stuff out of the intruder. In the final round of the hectic encounter, the cow turned tail, and fled ignominiously, with the bawling duck in hot pursuit.

Kidney and Bladder Troubles Conquered or Money Back

For 40 years, said Dr. Carey, I have been providing relief for kidney and bladder troubles, and now that I have retired from active service, I have made arrangements with leading druggists to dispense this wonderful preparation at a moderate price, on the money back if dissatisfied plan.

Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have aching joints, a dull, heavy back, aching feet or night pain, backache or headache, you ought to get a bottle of Dr. Carey's Kidney and Bladder Remedy.

It has wonderfully benefited tens of thousands of cases of kidney and bladder troubles, and is the medicine you can always depend upon. Beware of cheap imitations. Beware of cheap imitations. Beware of cheap imitations.

Y. P. A. Meeting.
The Young People's Alliance will hold its regular business and social meeting Friday evening at the home of Charles and Russell Wyant of Wine street, beginning at 7:45 o'clock. The Y. P. A. is considering plans for putting on a play about the middle of next month and will definitely decide all plans at this meeting.

The executive committee at a meeting Tuesday evening at the parsonage appointed a committee to find a hall in the borough where it can put on the play. The C. A. A. gymnasium is being considered. Mrs. C. A. Durbin, president of the alliance, will be in charge of the play.

Ball Game Saturday.
The Gibson high school team will play a return game with Poplar Grove Saturday afternoon on May's Field. The Gibson boys recently defeated Poplar Grove by a score of 23-0 at Poplar Grove.

Personal News.
W. F. Hetrick, J. Y. McManus, H. D. Smith and H. D. Hetrick left today for Stananahoning on a hunting trip for deer and bear. Also they will spend a few days at the home of Judge J. A. Barclay of that place.

Mrs. W. H. Hetrick and son, William, arrived home yesterday after spending a very pleasant 10 days visiting in Cameron county.

Mr. and Mrs. Frank Shelly spent Tuesday in Pittsburgh.

John Richmond, was a Pittsburgh caller on Tuesday.

Arthur Wilder, formerly of South Connellsville, is visiting friends and relatives here. He is a student at Mount Union college, Alliance, O. His father, John Wilder, was formerly burgess of the borough.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back
Hurts or Bladder
Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizzy, nervous spells, acid stomach, you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing at any time.—Advertisement.

To Stop Coughing at Night.
When anyone is suffering from a bronchial affliction or has a cough that lingers on and grows worse at night, the loss of sleep tends to weaken the sufferer and grows more serious the longer it is neglected. Mrs. M. Suter, 647 Longbrook Avenue, Stratford, Conn., writes: "Poley's Honey and Tar has given me great relief from a severe attack of bronchitis. No medicine stands higher throughout the nation as a family remedy for colds, coughs and croup.—Advertisement."

Transferred to Brownsville.
F. B. Gebhard, assistant chief engineer of the Hillman Coal & Coke company of Pittsburgh, has transferred his headquarters from Brownsville to the headquarters of the company for the Connellsville region.

All Millinery Even the Very Latest, Is Reduced 20%

THIS is by far the most sweeping downward revision of prices that the Millinery Section has seen for many a day.

Included are many pattern hats but lately arrived from New York—featuring the new materials, Canton Crepe and Slipper Satin and the new color, "Canna" (a slightly brighter tint than henna.)

Other materials are Pannu Velvet, Lyons Velvet, Metal Cloth and Embroidered Duveltyne shaped into such entrancing modes as off the face, narrow brim and Hindoo turban.

The trimmings are ostrich, fur and flowers. The colors pheasant, henna, liberty blue. And there is plenty of black. Children's Beaver hats together with all sailors are included at this reduction.

Former prices, \$4.50 to \$27.50 are reduced 20 per cent.

DECEMBER 1st—A Clearance Sale before Winter has fairly begun—when you can expect a whole season of comfort and joy from the garments you buy. That's what will happen at Wright-Metzler's.

Thursday December 1st, our entire stock of Women's and Children's Ready-to-Wear Apparel goes on Sale—for one week only—at price concessions unequalled (at this time of year!) during our whole business career.

Every garment in stock—suits, coats, dresses, furs, hats, raincoats, underwear, etc.—both those listed here and all others, will be presented at reductions varying from—

20% to 50%

YOUR SAVINGS in cash range from \$12.50 to \$92.50. What a momentous occasion when you consider the care with which these garments were selected, the styles they embody, the way that they wear, and the money you save!

Some are even suitable for Christmas gifts—delightful thought when one must be thrifty and there are so many friends to remember! The Sale ends Wednesday, December 7th. Plan now to come—early in the Sale and early in the day. Bring the children.

This is perhaps the best chance to secure seasonable quality merchandise at a price that has come in this generation!

300 Enticing Dresses Reduced 20% to 33 1/3%

300 dresses and one might almost say 300 different styles. So delightfully do these frocks differ in their sleeves, their hemlines and their girdles.

The materials are Serge, Tricotine, Poirer Twill, Silk, Canton Crepe and Satin. Former prices (\$10 to \$98.50) are reduced to \$7.98 to \$79.50. The popular Bramley dresses in jersey are included.

The offering embraces our entire stock and has us scratching our heads trying to remember its equal. Surely she who is first to come profits by far the most!

300 Luxurious Coats Reduced 20%

RIGHTFULLY they have no place in a Sale so early in the season—but we're determined to stop at no half way measures.

Fur trimmings—wolf, beaver, nutria—unite with the newer soft pile fabrics—Pollyanna, Panvelaine, and Gerona—to form as charming a coat combination as it is possible to conceive.

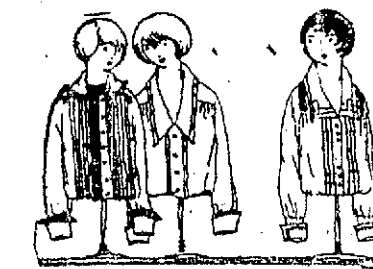

And there are plain tailored models—no less desirable—with snug, warm collars, trim belts and generous sleeves.

Sale prices range \$15.95 to \$179.50.

- Merchandise sent on approval at regular prices only.

Necessarily—in fairness to all—we can make no exceptions to these regulations.

STEEL PRODUCTION HOLDS AT SAME RATE IN SPITE OF DULLNESS

Business Being Retarded by Public
Discussion of Probable Reductions in Freight.

Special to The Weekly Courier
NEW YORK, Nov. 30.—The American Metal Market and Daily Iron &

Steel Report will review the steel and iron trade tomorrow as follows:

An outstanding feature of the steel situation is the fact that with nearly all the finished steel markets having been reported as decidedly dull in the past six weeks the production of steel continues at approximately as high a rate as has been since early in the year, though obviously neither producers nor buyers are putting any steel into stock. There is a very substantial backlog of business upon

which improvement can build up iron trade tomorrow as follows: Steel input, production has been at about 35 per cent of capacity since October 1, and it looks now as if there would be little if any recession in winter, while in all quarters it is expected that before spring really begins the mills will see a decided increase in demand.

A secondary feature is the greater activity in finished products than in raw and intermediate materials, suggesting thorough liquidation of stock.

Producers will enter the new year with clean slates and will be able to figure selling prices closely. Some of the losses recently reported were plainly attributable to liquidation of high priced materials and the making of various adjustments that will not be repeated. It will be possible to set steel profitable at quite moderate prices, and if the cost of consumption, fabrication or utilization of steel with products is not unreasonably high a much wider market

will be presented for steel than the mills have been able to make for themselves in the past year. Steel prices continue to show a slight sagging tendency. In general, black and galvanized sheets are an exception, as the market is now steadied at prices of 3.0c and 4.0c, the level represented by the \$5 a ton advance last September. The \$4.75 lb plate price is well maintained. Bars, shapes and plates show less sagging

tendency than formerly. Undoubtedly the transaction of business has been and is being retarded by the immense volume of talk about freight rate reduction, which are now in no clearer prospect than at any time in the past.

China's Coal Production.
China's annual production and consumption of coal is about 23,000,000 net tons.
